Public Indoor Aquatics Center

Spokane Public Schools and Spokane Parks & Recreation are proposing 200+ projects to improve every neighborhood in our city.

One of these includes a plan to renovate the indoor aquatics facility at Spokane Community College, allowing Parks to expand aquatics programming, SPS to offer swim lessons to second graders, and high school swim teams to develop.

Together Spokane

WHAT IS THE PROPOSAL?

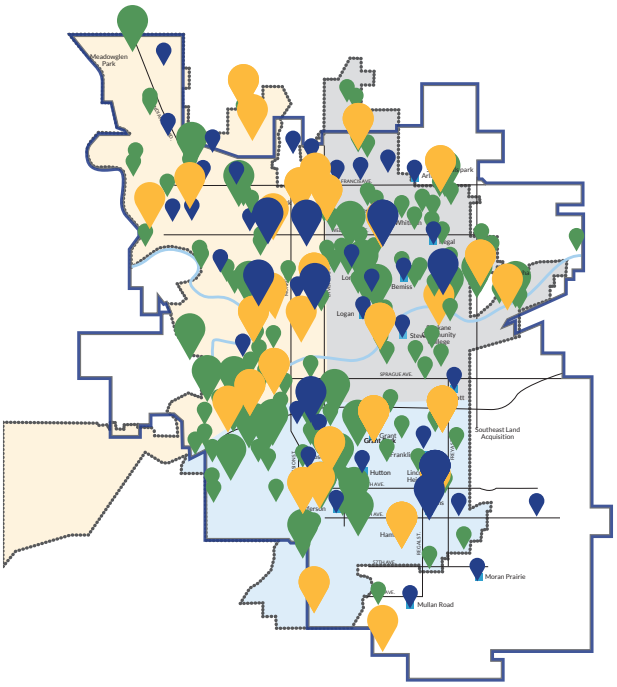

Spokane Public Schools (SPS) and Spokane Parks and Recreation (Parks) are joining a range of community partners to present a shared vision for the future of our city's parks, schools, and neighborhoods.

Spokane is experiencing historic participation in youth activities, adult recreation, and community programs. At the same time, many school buildings and park facilities are aging and need upgrades to function and sustain increasing demand.

Working together, SPS and Parks are proposing a plan to improve parks and schools in every neighborhood to address the top needs we've heard from the community.

Our proposal recommends two separate ballot measures – a Parks levy and a School bond – that align to accomplish more than 200 projects across our community.

If both measures pass, we will complete 30 additional projects that neither entity could have accomplished alone.
